

# Side platform

## CONVENIENT SIDE PLATFORM

A long-awaited side platform for mounting on an integrated bowsprit on modern sailboats. Easy to hang on and easy to lift off when it's time to sail! It comes complete with 2 hook fittings, mounting screw and adjustable supports. Made of AiSi316 steel and hand polished for the best finish. The tread surface consists of Blackline, an industrially treated marine laminate. Complete with one of our hook ladders or cassette ladders BKT73-250 for easy boarding.
